EDUCATION

B.Tech in Computer Science and Engineering (E-Commerce Specialization)
VELLORE INSTITUTE OF TECHNOLOGY

CGPA: 7.74
2022 – 2026

TECHNICAL SKILLS

- **Programming:** Java, Python
- **Data & Analytics:** SQL, Pandas, NumPy
- **Machine Learning & AI:** scikit-learn, Large Language Models (LLMs)
- **Data Visualization:** Power BI, Google Looker Studio, Matplotlib, Seaborn
- **Tools:** Jira, Postman, MS Excel
- **Data Engineering:** ETL/ELT, Data Warehousing
- **Backend & APIs:** REST APIs

PROJECTS

LLM Q&A System for AtliQ Tees

dec 2025

[GitHub Repository](#)

- Built a natural language Q&A system over business data stored in MySQL using Google gemini, Hugging Face embeddings, LangChain, and ChromaDB.
- Designed the UI in Streamlit and implemented few-shot learning to improve query accuracy and user experience, automating analytics for store managers.
- **Skills:** LLMs, LangChain, Hugging Face, Google gemini, MySQL, Streamlit, Vector Search, ChromaDB, NLP.

WhatsApp AI Agent using n8n (Cloud)

Aug 2025

- Developed a cloud-based WhatsApp AI agent using n8n to automate real-time user interactions.
- Integrated WhatsApp Business Cloud API and webhooks for seamless message processing and delivery.
- Utilized OpenAI API with memory to generate context-aware conversational responses.
- Designed a scalable workflow with conditional logic for efficient message routing and easy integration with external tools.
- **Skills:** n8n (cloud-based workflow automation), WhatsApp Business Cloud API for messaging integration, OpenAI API for AI-driven responses, Webhooks for real-time data handling, LangChain-based AI Agent with memory for contextual conversations, and conditional logic for workflow control.

HR Analytics Dashboard

Aug 2025

[GitHub Repository](#)

- Developed an interactive HR analytics dashboard to visualize and analyze employee attrition for a 1,417-employee organization using Power BI, Power Query, and DAX.
- Identified key attrition trends by age group, gender, salary, education, and job role, enabling HR to pinpoint retention risks and implement data-driven strategies.
- **Skills:** Power BI, Power Query, Data Visualization, Data Analysis.

CERTIFICATIONS

- **AWS Certified Cloud Practitioner** — [AWS](#)
- **SQL Programming** — [LinkedIn Learning](#)
- **Generative AI** — [IBM](#)
- **Generative AI with Azure OpenAI** — [Udemy](#)
- **HTML, CSS, and JavaScript for Web Developers** — [Coursera](#)
- **Modeling and Analytics for Supply Chain Management** — [NPTEL](#)
